

ANOKA COUNTY SHERIFF'S OFFICE SHERIFF JAMES STUART

FRIDAY UPDATE: 09.13.19

Complicated scam started by looking for part-time work on Petsitters.com:

On 09-05-2019, I was approached at the Sheriff's Office by the victim and her mother. The victim wished to report that she had been the victim of fraud and had lost over \$6,000. The victim went on to describe how she had been looking for work online, and an unknown entity had contacted her, asking her to deposit checks and send money orders in order to purchase furniture for them. The victim reported that she had complied and her Wells Fargo bank account had been overdrawn by approximately \$6,400.

The victim said that she had submitted a profile to petsitters.com, because she was looking for some part-time work. She stated that she was contacted by a user on the site, using the email address annettewilly05@gmail.com. She said that the user asked her to cash some checks and then send the money as a money order to a third party in order to purchase some furniture. The victim stated that she was just attempting to make some money and did not find this suspicious.

The victim said that she began receiving text messages from the user, from two different phone numbers, regarding instructions for depositing the checks and sending the money orders. The victim provided the two phone numbers, 617-545-5091 and 469-651-1136. The victim said that she received checks from the user by mail. She said that she was instructed to deposit the checks to her bank account and then send money orders the same day. She stated that she deposited the first check on 09-04-2019, completed a money order at the Cambridge Walmart, and then sent the order via FedEx to an address that the user identified in Texas: James Smith - 9821 Summerwood Cir Apt 1617, Dallas TX 75243

She stated that the user asked her to send the orders in different denominations, 1000, 1000, 500, 650. The orders were sent via FedEx priority overnight and the first arrived on the morning of 09-05-2019. The victim said that she received the second check from the user on 09-05-2019 and attempted to submit the check to her bank account but was told that her account was over-drafted by several thousand dollars and would be closed.

The victim then spoke with her mother who identified the activity as fraud. The victim stated that both she and her mother had attempted to speak with a Wells Fargo representative regarding the issue but said that they had been told the bank would be unable to assist them. The victim was provided with a business card with a case number for the incident.

Andover
